Professional Experience

Zuno AI Solution, Cheras - Junior Web Developer

DEC 2023 - PRESENT

- Designed and developed RESTful APIs using Laravel, effectively managing database interactions and seamlessly integrating them with a ReactJS frontend to fulfill critical business requirements.
- Collaborated with the team to translate UI designs into responsive, functional features based on design specifications.
- Participated in code reviews, learning from feedback and contributing to code quality awareness within the team.
- Resolved issues and improved system performance based on client feedback and evolving requirements.
- Maintained clear documentation for features, workflows, and updates to support team collaboration and future development.

Fourtitude Asia (Client: AIA), Petaling Jaya - Front-end Developer

OCT 2021 - SEPT 2022

- Built strong relationships with cross-functional teams to deliver high-quality results.
- Converted UI designs into functional web components using Adobe Experience Manager (CMS) and Vue.js.
- Supported SAT and UAT to verify software met all requirements before launch.
- Contributed to Agile Scrum teams using Jira as the primary tool for tracking tasks.

Penang Hill Corporation, Penang - IT Intern

JUL 2020 - SEPT 2020

- Upgraded a legacy PHP5/MySQL system to PHP7/MySQLi, resolving bugs that impacted site functionality.
- Applied Bootstrap's responsive design to optimize web and mobile display, improving user experience.
- Researched and recommended media equipment, contributing to a successful purchase and implementation.

Animamundi Sdn. Bhd., Petaling Jaya - Associate 3D Animator

NOV 2016 - JUN 2017

- Created 3D character animations for a TV series and a game using Autodesk Maya, based on storyboard concepts.
